STUDENT COUNCIL

It has been a wonderful experience for us here at the Berkley Community School. As students, we should never forget what we have learned. Though we will go our separate ways and do different things in the future, how can we ever forget the wonderful influence this school has had upon us? With the supportive staff and student body, we will live out the lessons we have learned as we face more challenging events in our lives. We have had good times we will cherish and keep them with us as we continue to grow. Administration, faculty and staff have been truly wonderful to us, and to them I offer my sincere gratitude. To the graduating class of 2000, I would like to say thank you. Thank you to the entire student body for having helped to make our years at Berkley so unforgettable. Good luck in your future endeavors.

DISCOVERY • MILLENNIUM • GOODBYE • WEATHER

The year 2000 was greeted with celebrations across the globe, including a fantastic fireworks display at the Eiffel Tower and religious ceremonies in Jerusalem. Looking back on 1999, we see a year filled with hope for the future, but also a year plagued by war and natural disaster. The conflict in Serbia kept the world on the edge of its seat, while earthquakes, tornadoes and winter storms focused our attention on international relief efforts. In 1999-2000, we also said goodbye to some of the world's most beloved celebrities including John F. Kennedy Jr., Walter Payton and Charles Schulz.

WEATHER

The century came to a close with an upsurge of natural disasters. Hurricane Floyd caused \$4.2 billion worth of damage on the East Coast while snowstorms crippled regions of the Northeast and Midwest. Internationally, earthquakes killed thousands in Turkey, Columbia and Taiwan.

MILLENNIUM

While some stockpiled Y2K supplies and safeguarded their computers against the "millennium bug," others rang in the new century with fireworks, parties and religious celebrations. While merchandise branding the date 01.01.00 filled stores, millennium countdown clocks were seen everywhere from billboards to post offices.

DISCOVERY

The Hubble Telescope, Earth's orbiting eye to the heavens, beamed back pictures of new planets and nebulas, while kinks in the NASA Mars Polar Lander mission delayed hopes of discovering more about the mysterious red planet.

GOODBYE

As we said goodbye to the century, we also said goodbye to some of the world's most beloved celebrities. John F. Kennedy Jr. was killed in a private plane crash while Charles Schulz passed away on the night before his last "Peanuts" comic strip was to be published in Sunday papers around the world. Sports legends Walter Payton, Joe DiMaggio and Tom Landry also left us this year.
